IN MEMORIAM

The Board of Education of the Town of Bloomfield notes with much regret the death of Dr. William H. Van Gieson, who served as a member of this Board for nearly twenty years.

The death of Dr. Van Gieson brings to our community and to the school system of our town a distinct loss. He is gone from among us, yet his personality remains. His high sense of devotion to the cause of education has long been distinguished; his warmhearted friendship has won our affection;—but while we grieve at his loss, we rejoice that we have been privileged to know him as our friend and co-worker, to feel the genial warmth of his heart; and to know that he has been the apostle of sunshine and hope to so many of our people.

Coming to Bloomfield almost a half century ago to begin his practice of medicine, he exemplified the best traditions of his profession which he loved, and his upholding these traditions for nearly fifty years has been a contribution to this community, the value of which cannot be overestimated. He leaves as a heritage a life well lived and a character beyond reproach. He was a professional man who gave of himself unstintingly to his patients, and they loved and trusted him. With a desire to serve only, he crowded too much into the day, and frequently labored beyond his physical limitations. Throughout several months of bodily suffering, Dr. Van Gieson lived to free others from pain and suffering. He was ever ready to do his part. His time and energy and ripe wisdom were always cheerfully given, often with an undue tax on his own strength; yet he lived richly and fully: not for gain, nor to exploit himself, but rather as an apostle of good cheer.

His attention to educational policies and to everything for which the Board of Education is responsible, have been no less devoted. His faith in our school system, his stalwart defence of the schools, his hearty and cordial approval of new ideas which proved sound and which promised to benefit the children of our schools have been of incalculable assistance in the upward and onward march of true education.

It may be truly said of Dr. Van Gieson,—

*"A life is finished when others have caught the splendor
of its power.*

*A life is finished when the seeds of its influence enrich
the lives of others."*

Whereas—

We recall his faithful attendance at all meetings concerning educational matters; his devotion to many civic and fraternal organizations; his warm-hearted friendship; and his ability as a leader which has commanded our admiration and loyal support.

Be It Resolved—

That this memorial be spread upon our minutes and a copy sent to his family as an expression of our love and esteem for him.

EDGAR S. STOVER

REPORT OF SUPERINTENDENT

Office of Superintendent of Schools
Bloomfield, N. J.

June 30, 1935.

*To the Board of Education,
Bloomfield, N. J.*

I herewith present my seventh annual narrative, statistical and financial report of the Public Schools of the Town of Bloomfield, New Jersey, for the school year ending June 30th, 1935.

Our school program during the year was carried on in an orderly and systematic way. In several schools we had fewer teachers than a year ago, with the result that many of our classes are growing larger, it is not good reasoning to conclude that the size of classes is an insignificant factor in education. Conflicting views on the size of classes arise in part from the failure of the public to fully appreciate the difficulties of the teachers' work. If routine learning of facts—names, dates, definitions and the like—is the sole aim of education it is possibly true that the size of classes may be unimportant. If, however, education takes for its major purpose the development of personality and character, we must favor smaller classes, thereby permitting closer contact between teacher and pupil. The problem of the teacher load is not easily solved, there is a limit to the capacity of all classrooms and a point at which the teacher's energy has been spent. The public school teacher renders a highly specialized type of professional service to the public by administering to those who cannot, or are unable to minister to themselves.

I am privileged to report that Miss Jennette Schreiber, a member of the June graduating class, on account of her exceptionally high rank in all high school subjects and more particularly in the subjects of foreign languages, was selected as one of five high school girls in the United States and Canada to be the guest of the Italian Government for a period of two months during the summer of 1935. These students will be enabled to see all of Italy, to see the various aspects of the country, to get a unified impression of the old culture and the new movements.

Possibly one of the outstanding events of the school year was the unusual interest manifested by the public during our annual Music Festival Week. During the afternoon of Flag Day classes from all of the elementary schools gave a Physical Education exhibition to a large audience on the High School Athletic Field. Open House Night in the High School proved very successful when several thousand parents and friends visited and inspected the High School building; meeting the teachers and seeing some of the

SCHOOL SAVING FUND

Through the cooperation of The Bloomfield Savings Institution our thrift and savings program has continued to receive special attention. The habit of saving has been rather thoroughly instilled in our pupils. It is gratifying to note that there was a marked increase in the total amount saved during the school year.

RULES AND REGULATIONS

Elementary Schools 8:45 to 12:00 M.
 1:15 to 3:15 P. M.
 Morning Recess 10 Minutes
 Kindergartens 8:45 to 11:20 A. M.
 1:15 to 2:30 P. M.
 First Grades 8:45 to 11:45 A. M.
 1:15 to 3:00 P. M.
 High School 8:15 to 2:10 P. M.

School doors open 15 minutes before the school sessions begin and close 15 minutes after school is dismissed in the afternoon. From December 1 to March 30, the buildings are open during the noon hours.

The Superintendent of Schools may order half-day sessions because of weather conditions.

Excuses for absence or tardiness must be signed by the parent or guardian, and state that the absence or tardiness was with the knowledge and approval of the signer or the equivalent. All lessons may be counted zero until made up in a manner satisfactory to the teacher. No lesson may be made up until an excuse has been accepted.

No charitable appeals may be laid before any class.

No person may visit any school or class to see any teacher or pupils upon personal business of any kind during the school hours.

The schools are always open to the inspection of the public, and parents and citizens are cordially invited to visit them at any time.

Teachers are to be present at school 15 minutes before school opens and 15 minutes after school closes.

Teachers during the first five years of service in the Bloomfield school system may be allowed five days with full pay for per-

sonal illness. After five days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the fifth year of service to the end of the tenth year, ten days may be allowed with full pay for personal illness. After ten days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the tenth year of service to the end of the twentieth year, twenty days may be allowed each teacher with full pay for personal illness. After twenty days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the twentieth year of service, as many days with full pay for personal illness may be allowed as the number of years the teacher has served in the Bloomfield School system. After that number of days allowance, deduction shall be substitute's pay for a period to be determined by the Board of Education.

When death or serious illness in the immediate family of a teacher calls him or her away from school work, an allowance of from one to five days with full pay may be made. After five days, deduction shall be substitute's pay for a period not to exceed thirty days.

In case of a teacher's absence on account of a wedding in the immediate family, there shall be deducted the substitute's pay for a reasonable number of days.

Full deduction of salary is to be made for absence for reasons other than personal illness or death in the immediate family.

Full pay will be deducted for absence occurring on the day before or the day following any vacation period, except as provided for above.

All claims regarding absences must be presented in writing to the Secretary of the Board of Education within one week from date of the teacher's return to school.

The compensation of substitutes is \$4.00 per school day in Grades I to VIII, also in the Kindergarten, and \$5.00 in Grades IX to XII.

Principals will report in writing, monthly or oftener, failures of specialists or class teachers to be present upon the time set in the schedules and rules.

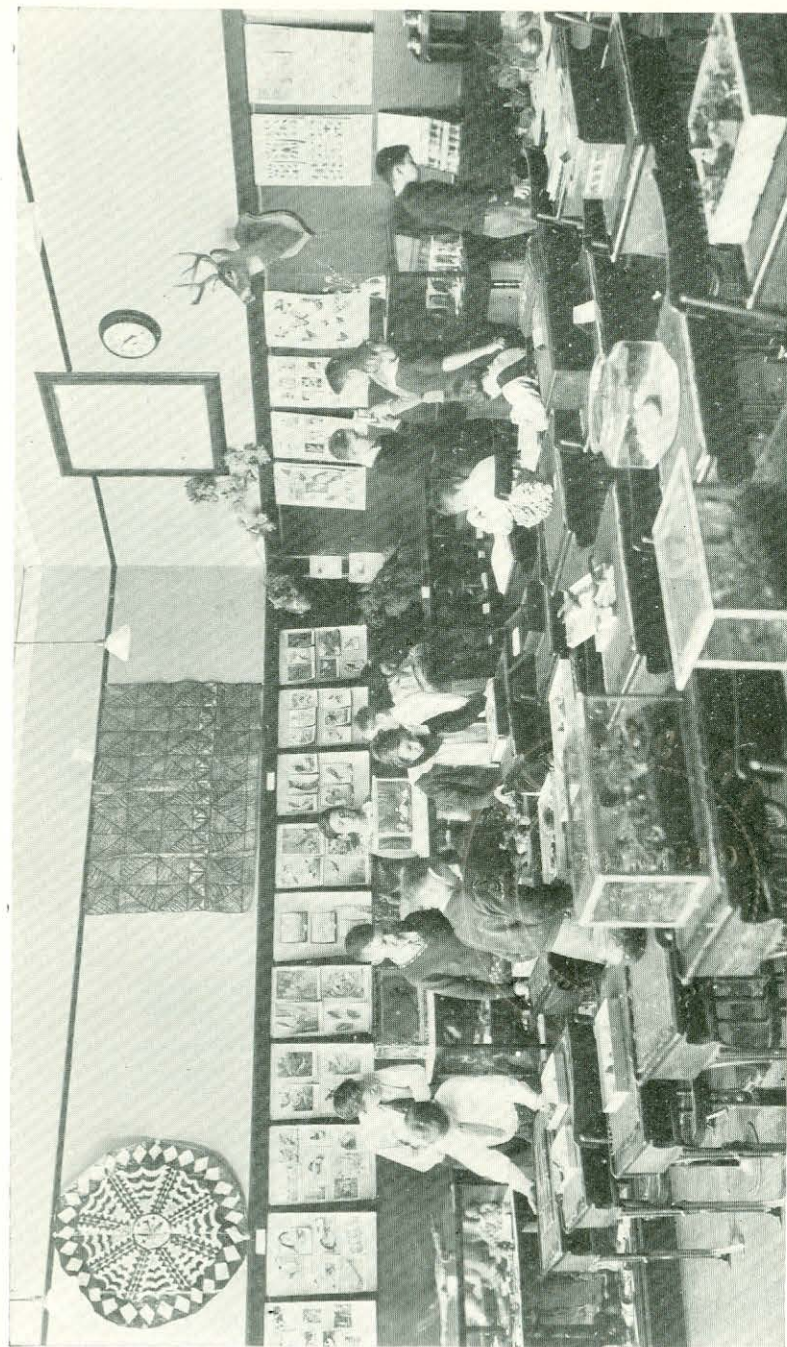

The duties of teachers include required attendance at school, grade, special and general meetings, not exceeding five in any one month. The duties of principals and specialists include required attendance at all meetings designated by the school authorities. Teachers and principals should visit the pupils' homes in the performance of their educational obligations to circumvent truancy, to quarantine cases of suspected disease, and to consult parents in their children's interests.

Tuition for non-residents shall be as follows:

High School, \$120 per year.

Grammar Grades, \$50 per year.

Primary Grades, \$25 per year.
